### THE BICKMAN COURIER.

HICKMAN, KY.

FRIDAY, 11 APRIL 17, 1891.

#### FOR STATE SENATE.

We are authorized to announce the Hon. HENRY COOPER, of Green county, as a candidate to represent Hickman, Kentucky, in the Senate of the Democratic party.

**Wednesday, May 2nd.**  
Is the day of the Democratic mass meeting at the court house in Hickman, to instruct delegates for Governor and state officers. The Convention will be opened at 10 o'clock, and this is the proper time, with the delegates, to let all know the time and purpose, and attend.

**Braxton** is the place to go to have your eyes tested and fitted to Spectacles of all kinds. 822

"Too much legislation they say. Perchance, but better to have much every forty years than too much every two years."

**\$1.00** Navy Blue Suits. Best ever shown for that price. Sartor, Johnson & Co.

**Constituents** at Louisville will be still anxious to make the fire bill an issue in 1892. Some men want a brick house to fall on them before they will be amenable, whom Mr. Lodge is one of which.

**Heidegger's** Black Silk Umbrella, for Ladies. At J. AMBERG'S SONGS.

Those who want the new Constitution to be certified, will find the cost of such certification, for as sure as one is defeated there will be another convention at the same time, several hundred thousand dollars.

**A first class Cottage Organ** for sale cheap for cash or on easy terms. 3367

**J. AMBERG'S SONGS.** The applications usually made to the new Constitution are given humorously as to the long time in the making of it, the long winded speech, making of speeches, &c., when however, it is perfectly clear that the instrument of the heart of the instrument.

—Try a bag of "Crown Jewels" Coffee—Guanabana and Java mixed—3 lbs for \$1.00. D. E. CARPENTER.

The nation's wheat crop is in splendid condition and may exceed in volume any ever harvested, while the crop in Europe is negligible. This seems to be the farmer's year not only in politics but in wheat as well.

**Beautiful Photograph Frames** complete. D. E. CARPENTER.

The energetic Washington correspondent is determined to have a paper war with Italy. The semi-monthly *Independent*, from the capital, Bologna, would have put to it to bring up our Unionists if they had not been so diplomatically and transparently ridiculous.

**Texas** is a general ery in all parts of the country for a restriction of immigration. The individual states and cities are reluctantly turning to this country to distract republican government if not checked. It seems a point in dispute to animal on us, as far as possible, the worst of their population.

**\$2,000 "Shameless"** Shoe, Men's lace and Garter, all Cash.

**Sturm, Elmon & Co.**

After July 1st, it is likely that no more silver dollars will be coined by the Government, but that the certificates will be unchanged, except the Magistrate will be allowed to coin from each district.

**An ordinary** coin in the Treasury will be received and certificates issued for its value. The certificates will be for \$2,000, \$500, silver dollars, now in the market. This will do some good.

**HERETOFORE** the Legislature exercised the power to exempt the property of some corporations, or individuals, from taxation, of all kinds of property, from taxation. The new Constitution forbids the Legislature from making any exemption of corporations, school houses and public buildings. This is the real cause of the great opposition to the new government to be voted on next August.

—A choice selection of Prints, Ginghams, Satins, and Chiffons, J. AMBERG'S SONGS.

By a vote of 55 to 1, the Legislature has voted to accept the new Constitution.

The seal of government shall continue in the city of Frankfort, unless removed by a vote of two-thirds of each house of the first Legislature, and then it shall be removed after the adoption of this Constitution.

Interpreted in the light of our present belief and information, the seal means that the capital is permanently located in Frankfort.

#### NEW CONSTITUTION.

To be Voted on at August Election.

The Constitutional Convention has adjourned to meet again Sept. 2nd and the new Constitution is to be voted on at that time.

It is the right of the people to approve the new Constitution, the authority of the delegates to adopt it, is clearly within the authority of the delegates to go to work, shape another instrument and submit it to the people.

For twenty years the people have been agitated and cast out by the people, and finally carried by a majority vote. And now that the people have brought it into existence, with original powers and without limit in terms of service, no power or authority exists to dissolve it except the will of the Delegates thus elected.

Is the new Constitution ratified? It is not a perfect instrument; there are a number of objectionable features in it, and it is not perfect in the eyes of the best men in the State. And, on the other hand, it is being adopted by a majority of our best men and the best papers.

The COURIER assumes that it is not within the power of the Constitutional Convention to ratify it, but that it will exactly suit every citizen, or to which there will not be some well-founded objection upon the part of any perfect instrument, one which contains the most good.

The COURIER believes that the new Constitution ought to be ratified by the people, because it contains a number of improvements in the present Constitution, which will be of great service.

The inhibition of special and local legislation, which will affect all the time, and the like, is looking to their own peculiar interests to have due regard for the rights and interests of all other states.

—Embroideries just arrived from New York, are beautiful and artistic. The COURIER enjoys the distinction of being the only State which retains its old name. No State has ever voted to change its name, which is proof that it is more satisfactory.

As a nation we should teach these organizations, now so common and so popular, that their own best interest is to be conservative in all their actions.
